

Campaign Fees, Expenses and Contingency Funds: \$93,000

As you would hire a mechanic to work on your car engine, we hired fundraising consultants to manage our campaign. Immaculate Conception has retained the services of Steier Group, a Catholic development consulting firm, to oversee the operations of our campaign. With a 19 year history of conducting successful campaigns, the Steier Group will give us the professional guidance needed for our success.

Although our valuation of campaign project costs was thorough, we must prepare ourselves for unforeseen costs that may occur. Funds from our celebration goal will be put aside for situations where unanticipated costs accrue.
